

Fleetwood Owners Club

We welcome all caravanners & motorhome owners whether you own a Fleetwood or not.

The **Fleetwood Owners Club** was formed in 1989 and its membership was originally for owners of caravans manufactured by Fleetwood Caravans Limited. However, following the demise of that company, the Club opened up its membership and now extends a warm welcome to owners of any make of touring caravan and motorhome.

The Club has an excellent website www.fleetwood-owners-club.co.uk where you'll find details of events, rallies and information about the Club and the facility to download an application form. You'll also find lots of articles about Fleetwood Caravans and help with spares & repairs.

The greatest things we offer are **Friendship** and Support which you can access either through the **Club** Website or on one of our rallies.

Friendship is not about what you are in - it's about who you are with.
