## About the Club

Founded in 1973, the Elddis Owners Club consists of members from all over England, Wales and Scotland who host a number of rallies and event across all three countries.

These rallies are entirely what you make them. You can use them as a base to visit parts of the country you want to see or you can use them purely to meet up, make new friends and have a great time

Being a family orientated club, there are often events held for kids young and old – it really is for the whole family.

## Joining the Club
